Commissioner for Patents

The reply filed on 10/10/2007 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant's response is directed to serial number 10/721489; however, applicant's claims correspond to serial number 10/889343. It is unclear as to which serial number the claims belong to, and whether the serial number associated with the submitted claim set is merely a typographical error or whether a different claim set is intended for the instant application (10/721489). See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to SHAHRZAD FARZANEH whose telephone number is (571)270-1557. The examiner can normally be reached on Weekly 7:30-5:00pm EST. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Ardin H. Marschel can be reached on 571-272-0718. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>.
